#### Summary of Safety & Health Expertise

30 years of safety and health/OSHA compliance, trainer, conference speaker, and author. 8 years teaching courses on OSHA standards, regulations, and policies for the OSHA Training Institute, Region 1 Education Center, and Adjunct Faculty at Keene State University. Expert in applying OSH Act of 1970, OSHA standards, OSHA regulations and policies for both Construction and General Industry, and safety-related national consensus standards to working conditions. 11 years of experience in the water and wastewater industry in large scale treatment operations including the drilling to new potable water sources.

Areas of safety and health expertise include:

- Fall protection, fall prevention, personal fall arrest systems (PFAS/PFPE)
- Forklifts/powerd industrial trucks.
- Heavy equipment struck-by, back-over, and run-over prevention.
- Machine safeguarding, risk assessment, and amputation prevention.
- High visibility safety apparel and ANSI/ISEA 107.
- OSHA and ANSI standards and policies.
- Effective safety training, failure to train, inadequate training, safety training issues.
- Permit required confined space identification, assessment, training, evaluation.
- Excavation cave-in protection systems, including sloping, shoring, and/or shielding.
- Lockout/tagout – control of hazardous energy program development and evaluation

#### Employment

T&T Construction Management Group

Director of Safety & Risk Management, May 2024-present.

- Responsible for developing, overseeing, and growing the safety programs and initiatives to ensure the best possible safety, health, and well-being of direct team members, partner team members, and the public across the business operations.
- Write and develop written programs designed to mitigate hazards to team members.

IamWright Safety Consulting, LLC

*Founder & Managing Partner, 2023-present.*

- Safety consultant and trainer, OSHA compliance and safety management systems
  - Construction – commercial, civil, and heavy-civil
  - General Industry – business, industry, and manufacturing
  - Utilities – landfill, trash to energy, water, and wastewater
- Conduct job hazard analyses (JHA/JSA) to determine potential hazards and preventative/corrective actions.
- Inspect and evaluate workplace environments, equipment, machinery, processes, and safety equipment to identify and correct potential hazards, and determine compliance with safety and health standards.
- Investigate occupational incidents, injuries, and illnesses to determine root causes, contributing factors, and preventive measures. Teach effective incident analysis and investigation. Report and review findings from incident analyses and investigations, facility and construction site inspections, industrial hygiene assessments.
- Develop and deliver safety and health training programs for workers and management.
- Write detailed safety and regulatory compliance reports, site-specific safety & health plans, compliance documents, and corrective action plans to improve safety and health management systems, behavior, and performance.
- Consultant and litigation consultant
- Assist clients during and following OSHA inspections, informal conferences, and citation settlements. Consultant to counsel in OSHA contests and related litigation.
- Author professional articles, guidebooks and training guides, manuals, and webinars.
- Design and present training sessions at regional, state, and local safety and health conferences, symposium, and meetings.

OSHA Training Institute, University of New Hampshire, Keene State University

*Lead Instructor, Adjunct Faculty, Lecturer, 2016 to present.*

- Teach topics as requested and required by the OSHA Training Institute for the education and certification of Safety Professionals. Such topics include but are not limited to:

• Train the Trainer (500, 501, 502, & 503)	• Confined Space (2264)
• Construction (510) Standards course	• Trench & Excavation Safety (3115)
• General Industry (511) Standards course	• Lock Out / Tag Out (7115)
• Hazard Communication	• Bloodborne Pathogens
• Process Safety Management (PSM)	• Electrical/NFPA 70e

The Middlesex Corp

*HSE Corporate Director, 2021-2023*

- Responsibilities include the implementation and management of the overall corporate HSE, corporate risk management programs, and managing the strategic direction of the corporate safety program while ensuring compliance with all Federal (e.g., OSHA, MSHA, etc.), state, local, and other applicable construction safety codes, and regulations.

- Develop written programs in compliance with regulatory standards, HSE training for delivery by site safety professionals and self-service online training, and weekly distributing a safety-focused newsletter.
- Development of **training modules created include, but not limited to**, Bloodborne Pathogen, Defensive Driving, Silica Safety, Daily Stretch & Flex Routines for Construction, Office, Fleet, Confined Space, and Trenching & Excavation.

#### Weston & Sampson, Inc.

##### *Health & Safety Director, 2010-2021*

- Offered consulting services to our clients throughout the United States, and develop and implement environmental, health, and safety policies and procedures as needed using OSHA's General Industry and Construction Standards.
- Oversee all sites currently under construction to ensure compliance with applicable standards.
- Ensure all plants are fully comply with Process Safety Management.
- Develop a training contact hour (TCH/PDH) program to issue training hours to internal/external clients for license renewal and credential certification/recertification.
- Developed and implemented online safety training for all employees within the organization, complete with individualized tracking for each weekly safety meeting.

#### Education

B.S., 2021. Occupational Health & Safety  
Magna Cum Laude, Columbia Southern University

#### Certifications & Certificates

1. Board of Certified Safety Professionals
  01. CSP – Certified Safety Professional, #44756 expires 6/30/2029.
2. OSHA Training Institute, Region 1 Education Center
  01. CSHO – Certified Safety & Health Official: Construction. Expires 7/27/2026.
  02. CSHO – Certified Safety & Health Official: General Industry. Expires 10/2/2024.
  03. Authorized OSHA Outreach Trainer – Construction. Expires 7/27/2026.
  04. Authorized OSHA Outreach Trainer – General Industry. Expires 10/2/2024.
  05. Public Sector Safety & Health Fundamentals for Construction. 9/23/2014
  06. Public Sector Safety & Health Fundamentals for General Industry. 9/23/2014
  07. OSHA 521 Industrial Hygiene Certificate. 11/8/2013
  08. OSHA 2015 Hazardous Materials. 7/17/2014
  09. OSHA 2045 Machine Guarding. 6/26/2014
  10. OSHA 2225 Respiratory Protection. 6/14/2014

11. OSHA 2255 Ergonomics. 6/4/2014
12. OSHA 2264 Permit Required Confined Space. 6/26/2013
13. OSHA 3010 Excavation, Trenching, & Soil Mechanics. 9/26/2013
14. OSHA 3085 Principles of Scaffolding. 10/26/2017
15. OSHA 3095 Electrical Standards. 3/28/2014
16. OSHA 3110 Fall Protection. 5/23/2012
17. OSHA 7115 Lockout/Tagout. 9/11/2013
18. OSHA 7500 Safety & Health Management Systems. 8/5/2014
19. OSHA 7505 Intro to Accident Investigation. 8/7/2014
20. OSHA 7845 Recordkeeping. 2/7/2014
21. NCSH 481 Process Safety Management. 11/2/2017
22. Foundations of Safety Leadership. 6/2/2017
3. Nova Southeast University
  01. Hazardous Waste Operations & Emergency Response (HAZWOPER). 1/6/2021
4. Harvard T.H. Chan, School of Public Health
  01. Management and Leadership Skills for EHS Professionals. 9/29/2023
5. Board of Certified Audiologist
  01. Industrial Audiometry. 5/20/2021
6. Emergency Management Institute
  01. IS-100C Introduction to Incident Command Systems. 11/4/2020
  02. IS-200C Basic Incident Command Systems 11/4/2020.
  03. IS-700B Introduction to National Incident Management System. 11/4/2020
7. Microsoft
  01. Microsoft Office Specialist, Outlook 2016. 12/16/2017
8. National Fire Protection Association (NFPA)
  01. NFPA 70e Electrical Safety. 5/13/2014
9. National Safety Council
  01. CPR & First Aid Instructor. 12/31/2017
10. American Red Cross
  01. AED, CPR, First Aid Instructor. 12/7/2020
  02. Wilderness & Remote First Aid Instructor. 9/13/2021
11. Scaffold Training Institute
  01. Competent Persons, Hands On, Design & Loading, and Suspended Scaffold. 8/9/2018. Expires 8/9/2023.
12. Smith System
  01. Smith System Defensive Driver Training. Every 2 years from 6/1995 to 8/13/2019.

### National and State Safety Committees

1. Center for Disease Control (CDC)
  01. H1N1 Prevention & Countermeasure Committee
  02. COVID-19 Prevention & Countermeasure Committee
2. New England Water Environmental Association (NEWEA)
  01. Safety Committee Chair. 2018 to 2021
  02. Safety Committee Vice-Chair. 2017
  03. Safety Committee Member. 2016 to 2021
3. New England Safety Roundtable Safety Committee
  01. Safety Committee Member. 2012 to 2021
4. Florida Transportation Builders Association (FTBA)
  01. Safety Committee Member. 2021 to 2023

### Courses Presented, Instructor, OSHA Training Institute Region 1 Education Center

Course Title	Course Number	Length
1. OSHA Outreach Trainer Course for Construction	500	4 days
2. OSHA Outreach Trainer Course for General Industry	501	4 days
3. OSHA Outreach Trainer Update Course for Construction	502	2.5 days
4. OSHA Outreach Trainer Update Course for General Industry	503	2.5 days
5. Occupational Safety & Health Standards for Construction	510	4 days
6. Occupational Safety & Health Standards for General Industry	511	4 days
7. Machine Guarding Standards	2045	4 days
8. Principles of Scaffolding	3085	3 days
9. Fall Protection	3115	3 days
10. Permit Required Confined Space	2264	4 days
11. OSHA Permit Required Confined Space Standards	7300	1 day
12. Excavation, Trenching, & Soil Mechanics	3010	4 days
13. Respirator Protection	2225	4 days
14. Recordkeeping	7845	1 day
15. Lockout/Tagout	7115	1 day

16. Bloodborne Pathogens	7200	1 day
17. Accident Investigation	7505	1 day

### **Presentations Given at Conferences**

1. OSHA Top 10 for Water & Wastewater Operations, 2018
2. Can you handle the pressure? 2018
3. The Top 10! 2017
4. But did you see the moonwalking bear? 2017
5. Confined Spaces – Check your knowledge, 2016.
6. Hazard Communication – What’s the big deal? 2016
7. Top 10 Safety Failures, 2014
8. Confined Spaces – Inside & Out, 2012
9. Confined Spaces – Pop Quiz, 2011

### **Publications**

1. The Wastewater Operator’s Guide to Preparing for the Certification Exam, WEF 2016
2. OSHA Top 10 for Water & Wastewater Operations, 2018
3. Can you handle the pressure? 2018
4. The Top 10! 2017
5. But did you see the moonwalking bear? 2017
6. Confined Spaces – Check your knowledge, 2016.
7. Hazard Communication – What’s the big deal? 2016
8. Top 10 Safety Failures, 2014
9. Confined Spaces – Inside & Out, 2012
10. Confined Spaces – Pop Quiz, 2011

### **Professional Organization & Societies**

1. National Safety Council (NSC)
2. American Society of Safety Professionals (ASSP)
3. Florida Transportation Builders Association (FTBA)
4. New England Water Environmental Association (NEWEA)
5. Board of Certified Safety Professionals (BCSP)
6. Centers for Disease Control (CDC)

### **Honors and Awards**

- Associated General Contractors of America (AGC) – National Safety Award 2011, 2012, 2013, 2014, 2015, 2016, 2017, 2018, 2019, and 2020.

- National Safety Council (NSC) – One Million Hours Award 2008, 2013, & 2018
- National Safety Council (NSC) – Two Million Hours Award 2020
