

CURRICULUM VITAE OF GEORGE JENSON

Evidence Solutions, Inc. • ClientServices@EvidenceSolutions.com

SUMMARY

The short story of George's fraternity involvement is that he has been a live-in advisor for seven years. He has traveled the US and Canada on behalf of his Fraternity to facilitate leadership and personal development education, much of which he developed, and has been constantly involved as an advisor with his own chapter at the University of Arizona for the last 30 years. His volunteer history coupled with working professionally as a consultant to fraternities for 11 years provide him a deep and wide well of experience to draw from. He writes and speaks well and can articulate his knowledge clearly to those who may be unfamiliar with this world.
